CMM 44 - Battleship

Color Me Mine

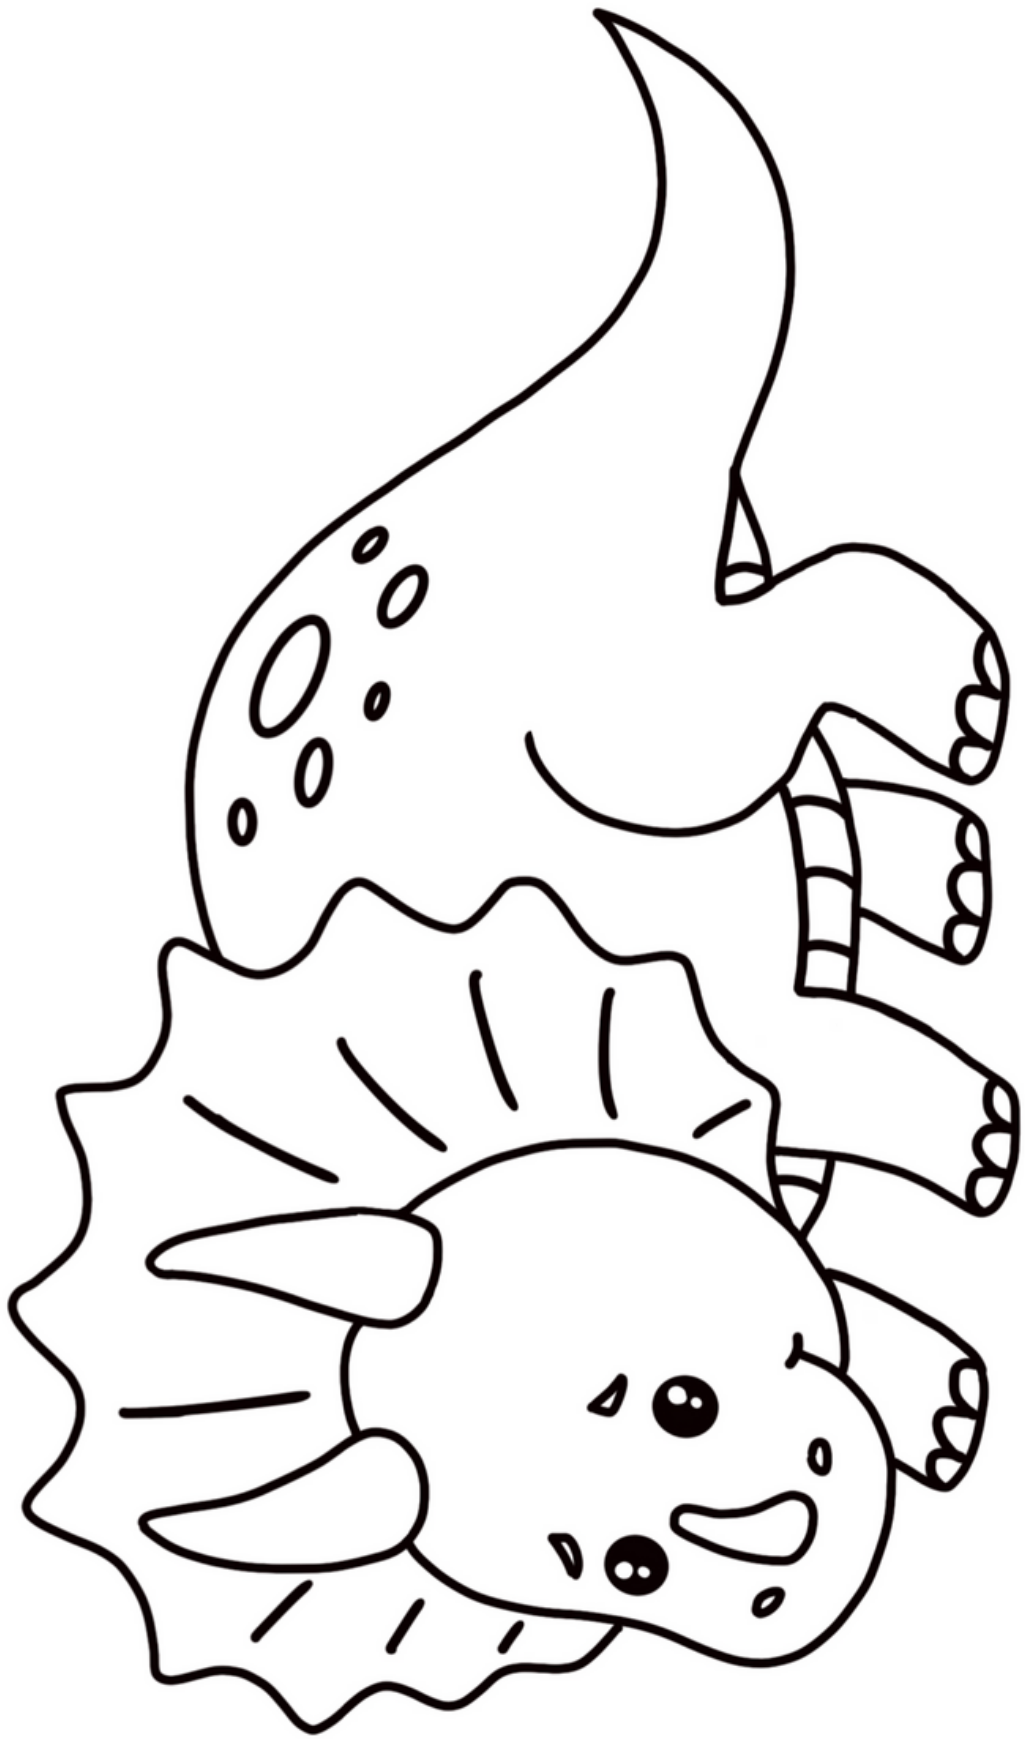

INSTRUCTIONS

1. Trace on the dinosaur Pattern using either NCR paper or a tissue paper transferring technique before doing the prints so that you know where to place the hand.
2. Cover the child's hand using a brush and a heavy application of Coral Reef. Stamp the hand down as shown in the photo.
3. Trace on the mountains and volcano where desired.
4. Fill in the sky with one streaky coat of Blue Ice.
5. Fill in the mountains with 2 coats of either Storm or Battleship using a medium brush.
6. Next, create the grass by applying one coat of Gecko Green making small vertical tick marks to resemble grass.
7. Fill in the belly and the collar of the dinosaur with 2-3 coats of Carnation.
8. Next, fill in the remainder of the dinosaur with 3 coats of Coral Reef, working around the handprint. We are leaving the horns unpainted.
9. Use your liner brush to outline your dinosaur.
10. Finally Use your detail brush or a detail writing bottle to apply your words as well as the child's name and age.

TIPS

- Be generous with the paint to get the most even color.
- Even pressure on the liner brush will help you get an even line. You can also make a cute broken line to make it faster and more whimsical.
